

Instructions on Setting up Credentials for rcab.voya.com

Type rcab.voya.com into your internet browser. You should see the screen below. Click **Register Now** to set up your credentials.

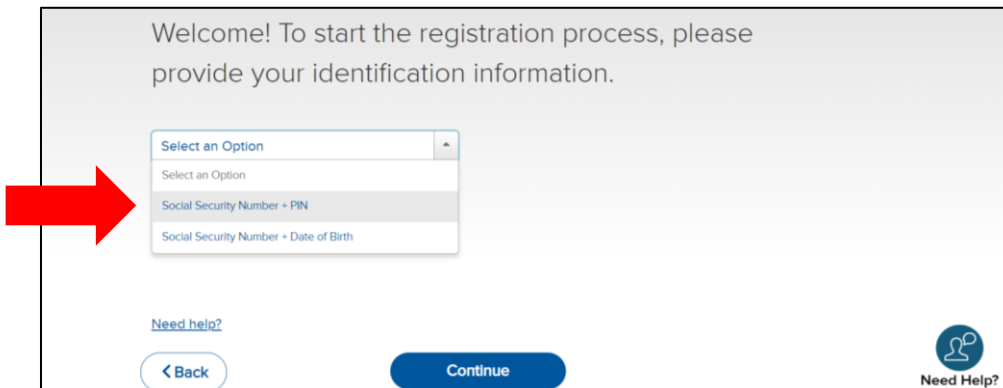

How to Register with a PIN (recommended)

For your security, Voya mailed a Personal Identification Number (PIN) to the home address on file in the payroll system. (The envelope is plain, with the Archdiocese logo and a Hartford, CT, PO Box, which is Voya's address.) **Note:** You will need your PIN to make automated transactions or to speak to a Voya customer service associate, so retain it in a safe place.

Choose the drop-down option with Social Security Number + PIN and click Continue. (If you did not receive a PIN, use the instructions starting on page 3, below).

Enter your SSN and your PIN on the next screen. You will then create your profile by providing the requested information. Your Password will need to meet certain criteria, which will appear once you click into that field. Click the “I agree” box and then **Continue**.

Let's Create a Secure Password

The Voya portal will ask to verify your mobile number (unless you click “I’d prefer to use my email.”) Enter the code texted to you by Voya and click **Verify**.

Next, let's verify your mobile number.

Keep in mind - we will use this for username and password recovery, device validation and account alerts.

Verify

If you are using a device that is not a shared or public device and would like to register it, which enables Voya to more easily verify that you are the person accessing your account, click the button next to “Yes, please register my device” and then click Continue. You will then see screens to set up preferences on how you would like to receive communications. To access your account, use your new credentials to log in.

Would you like to register your device?

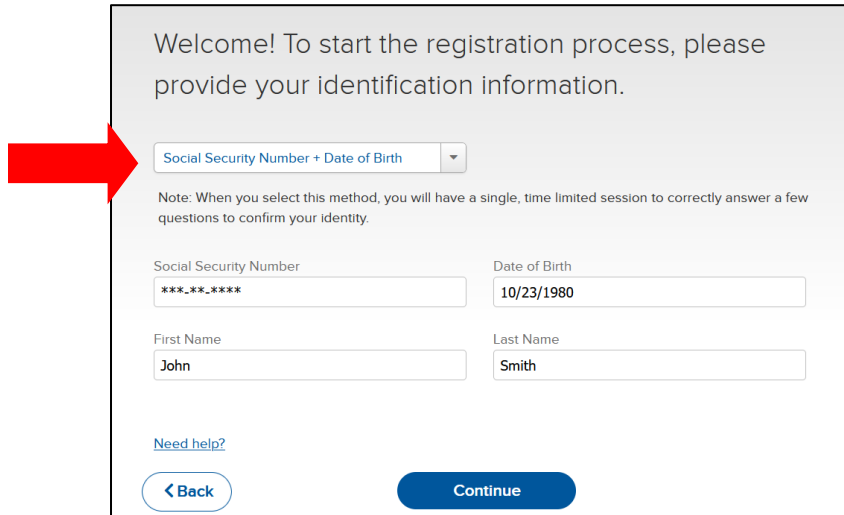

Yes, please register my device
I trust this device and wish to avoid receiving and entering a verification code every time I login.

No, do not register my device
I am on a shared device and/or I prefer to confirm my identity every time I login by receiving and entering a verification code.

The Voya portal then uses data from Lexis-Nexis to ask you to validate certain information about yourself, primarily other names you have used and places you have lived (or **not** lived). There will be 4-5 screens with questions about you (see sample below). Carefully read each question (making sure to note if you are being asked if the data is true or **not** true) before clicking **Verify**; if you make a mistake on any screen, the system will not let you proceed further and you will need to call Voya Customer Service at (855) 817-1664. Note: if you exit the system before finishing all screens, you will not be able to return later to complete the series of questions and will need to call Voya Customer Service.

Next, please answer the questions below to verify your identity

Which of the following first names have you also been known by?

- Brandy
- Elissa
- Hope
- Ledona
- Mildred
- None of the above
