

Archdiocese of Boston Employee Benefit Program

Account # 1402076

Sullivan Tire & Auto Service has designed a Benefit Program specifically for employees & associates of the **Archdiocese of Boston** and their family members!

THE PROGRAM

A special account number – 1402076 -- has been assigned to the **Archdiocese of Boston** account. This account number easily identifies members & employees and their vehicles for specific prices and discounts. This account can only be used for repairs with cash, check or credit card payment. Employee invoices cannot be mistakenly charged to a company account.

This benefit program is offered at over 55 Sullivan Tire & Auto Service locations from Maine through Rhode Island, and provides a 10% discount on all labor and parts – except sale items. Tires are always at our everyday low prices and receive no discount. Once an employees' vehicle is profiled in our system, an alert will notify any Sullivan Tire location that this customer is enrolled in the program and discounts will be calculated automatically.

This is a valuable benefit that the **Archdiocese of Boston** shares with its employees, offering them a discount on tires and auto service that takes advantage of Sullivan Tire's 57 years of automotive expertise in the New England area.

THE BENEFIT

All that's needed when an employee brings their vehicle to Sullivan Tire is to announce their status with the **Archdiocese** and we'll take it from there. The 10% benefit will be reflected on their work invoice. Courtesy Shuttles are available at all Sullivan Tire locations.

If you have any questions regarding this program and its benefits, please contact Rich Jennings, B2B Representative @ 781.733.4178.
